Healing Garden

Because of the overwhelming support of the Mille Lacs area communities, the Mille Lacs Area Health Foundation was able to raise over \$100,000 for the Healing Garden located in the courtyard of the MLHS campus.

This outdoor therapeutic environment with its flowing water, beautiful and fragrant flowers and shrubs, pathways, benches and songbirds provides a quiet respite to patients, long-term care residents, visitors and staff.

All are welcome to take in the beauty and solitude and walk the paths that display the memory and honor bricks of those who meant so much to our healthy communities.
