

**What devices do you need to use FaceTime?**

- Any Apple Device with a camera, microphone, and speakers will work with FaceTime
- This would be a Macbook, iMac, iPad, iPhone, or iPod Touch
- You will need a WiFi or Mobile Data connection for FaceTime to work

**How do I find FaceTime, and what does it look like?**

- The icon for FaceTime looks like this

- This is what the app looks like when you open it

- When you can search for someone by email or phone number as long as they have an apple device as well. Just **tap** the plus sign in the top right.

**How can people contact me through FaceTime?**

- Other people can call you through FaceTime with your mobile number, or the email account you used for your Apple ID or iCloud Account
