

**What is WebEx Meetings:**

- WebEx Meetings is a service that allows you to meet face to face like other video chat services
- Many companies use this service to have meetings remotely across the world

**What do I need to use WebEx Meetings:**

- To connect with Video, you will need a device with a webcam, microphone, and speakers
  - Most laptops, tablets, and smart phones will have all three built in
- You will also need a WiFi or Mobile Data connection to connect
